

CONSIDER OUR TOPIC

Now that we've identified a topic that we all have a shared interest in, take a few moments to think about each of the following categories:

- **PAST** - past experiences with, prior knowledge of, & what drives your curiosity about the topic
- **PRESENT** - current events or issues that relate to the topic (these can be personal or public)
- **FUTURE** - What do you see as the ideal future for this topic? How do you hope it will develop?

CONNECTING TO COMMUNITIES

Let's work together to brainstorm how our topic is connected to different communities.

We can identify each community in the boxes around our topic.

We'll explain the connections in the hexagons attached to each box.
